

VERSI-CRAFT

A close-up view of the white cabin structure of a boat. The cabin has a curved front with a stainless steel railing. The name 'GAMAYUN' is prominently displayed in large, raised, metallic letters. Below it, 'St. KITTS & NEVIS' is written in a smaller, black, serif font, flanked by two horizontal lines. The deck is made of teak planking, and there are stairs on both sides leading up to the cabin. In the background, other boats and a clear blue sky are visible.
